Thanks Mark – this email is to acknowledge receipt of the response. I expect to review this next week, due to a few days of vacation coming up.  
Nancy

**Subject:** Hatco Corporation: Comments on the Crows Mill Creek Field Sampling Plan  
Hello Mark:

Attached please find the Ecological Component Review for the Hatco Site *Crows Mill Creek Field Sampling Plan*, submitted to the Department on May 23, 2017 by Jason Schindler, Weston Solutions, Inc. Please note that SRP does not have the authority to approve the sampling plan, as requested by Mr. Schindler. Future communications and document submissions should come from you as the LSRP for the site. Also, in case you are not aware, in order to streamline the Component Review process, comments are now being sent to LSRPs directly from technical support staff and will not be issued by the Bureau of Inspection and Review (BIR). BIR managers will be copied. Responses to comments for this project can be directed to me.

Please contact me if you have any questions. Thank you.

*Nancy E. Hamill*
